DESCRIPTION:

Benton-Lane is a family owned winery and vineyard located in the tenderloin of Oregon's Willamette Valley. They produce Pinot Noir, Pinot Gris and small amounts of Pinot Blanc and Chardonnay. Benton-Lane has designed its own system for caring for its land which incorporates the best parts of the Sustainable, Organic and Biodynamic methods. This program was designed after seven years of certification under the L.I.V.E. sustainability program.

TASTING NOTES:

"This is as good a Pinot Gris as this producer has ever made. Apples and stone fruits contribute a fleshy, flavorful mid-palate. Peppery spice and a hint of brioche add complexity and interest. The wine is perfectly balanced and ready to drink immediately." 90 Points - WINEENTHUSIAST.COM. January 12th, 2013
