Nonino is widely regarded as one of the very finest producers of grappa in the world. Their grappas show finesse and elegance, and admirably capture the essence of the grapes used to make them. Distillation takes place very slowly to let flying components, which are responsible of the fragrances, have a right evaporation and consequent condensation preserving the precious organoleptic characteristics of the vine varieties chosen.

AGING: 8 years of aging in Limousin, Nevers and ex-Sherry oak barriques in the cellars property of Distillerie Nonino. Bottled without the addition of coloring agents
