DESCRIPTION:

Tenuta di Petrolo, with its famous winery and prestigious production of organic extra virgin olive oil, is placed on the slopes of the hills bordering the Chianti region, overlooking from its favourable point of view, the lovely valley of Valdarno Superiore

TASTING NOTES:

"The super rich and velvety 2009 Galatrona was the headline performer in this vertical tasting going back to the 1997 vintage. This is a beautiful bottle that projects a deep sense of confidence and enormous beauty, inside and out. It offers an irresistible contrast between its sweet side and its savory side with dried cherry, blackberry preserves, scorched earth, smoked bacon and dark spice. The wine's appearance is inky black and thickly concentrated. Despite that richness, its nuanced complexity is put on clear display. This is a beautiful wine from a tremendous vintage." Monica Lerner ~ 31st May 2017
