AREA OF PRODUCTION: VENETO, ITALY

GRAPES: GRAPPA

ALC/VOL: 38%

SIZE: 6X 700ml

AVAILABLE: BCLDB WHOLESALE LISTING

CSPC: +432468

DESCRIPTION:

Quality and care for the raw materials are the first and most important steps in the production of a good grappa. For this reason, healthy, fresh and vinous pomace of the vines harvested in dedicated areas are stored with care to preserve all their quality. Alexander White Grappa, created from a blend of the most renowned vines of North-East Italy, is produced during three distillation phases with different temperature. The process takes place in traditional copper alembics, which allow for under vacuum distillation (greater protection of aromas), with bain- marie heating (indirect and therefore more delicate system). Before bottling, this sophisticated Grappa is aged in steel tanks for nearly 6 months, with positive outcomes on its aromatic profile and softness.

TASTING NOTES:

Colorless, transparent, crystal clear. Intense and strong, it is characterized by cleanness, fresh and fruity hints of berries, floral notes, and a delicate, slight hint of dried fruit in the finish. The palate is pleasant, powerful, vigorous and elegant, it has a balanced softness and a persistent fruity aroma, lasting as a retro-olfactory sensation.
